RETURNING TUITION ASSISTANCE APPLICANTS

2020-2021 Tuition Assistance Application Guidelines

The tuition assistance application for returning students consists of the following two components, which must be submitted together as a package:

1. **Tuition Assistance Application Form**, which is attached to this letter.
2. **A copy of the first page of your 2019 federal income tax return (Form 1040 or 1040A)**. In some cases, we may ask you to provide additional documentation of your financial situation. Please be sure to include all financial aid and scholarship awards received in the section on dependents.

(* Applications that do not include both of the above components are considered incomplete and will not be accepted nor processed.

Tuition assistance amounts are awarded on the basis of your financial situation as reported, the program you plan to take, and other considerations. We assume that you will make a commitment to the program, so please bear in mind that if you register for fewer courses or lessons than stated in your application, the financial aid award will be reduced. Students who receive tuition assistance are expected to maintain their student standing and attendance at a high level. Violation of these policies may result in a loss of tuition assistance.

The Conservatory is not in a position to provide substantial support for **private lessons**, regardless of financial hardship. You should be aware of this when you apply and, if possible, seek additional sources of support.

Tuition assistance decisions are made after the student has completed the placement/audition process. If you are applying for tuition assistance for large ensembles only and you have already been placed through the May auditions, we can act on your application right away. If you are awaiting teacher placement or other fall placements (e.g. for chamber music, music theory, etc.), we will act on your application at that time.

Because our tuition assistance funds are limited, we request that you register as soon as possible and before September. If your circumstances change and you find that you cannot attend in September, we would appreciate hearing from you as soon as possible. If we do not hear from you by October 1, 2020, we assume that you do not intend to register, and we will award your financial aid to another student.

(* Please note: a separate application must be completed for each student in a family.

- **The priority deadline for tuition assistance applications is July 1, 2020.**
- **The secondary deadline is August 1, 2020.**

Applications submitted after the above deadlines will also be considered. However, please understand that most of our limited tuition assistance funds are distributed shortly after the priority and secondary deadlines.

Sincerely,
The NEC Prep Scholarship Committee
